Founded in 1922 and chartered in 1929, the Alpha Chapter of Sigma Gamma Rho has an extensive history at Butler University.

In 2022, “The Founders’ Plaza” was dedicated to the legacy of these academics, activists, and awe-inspiring women. While other Greek Life houses at Butler stand today, the gathering sites of these revolutionaries were often beyond the campus at personal homes. Where can we recognize the heritage sites and culture of Sigma Gamma Rho?
